

Sonoma Ranch panel, Brown finish, Arched Stockton windows, Decorative hardware

DOOR FEATURES

Effective Joint Seals

Snug-fitting tongue-and-groove section joints reduces wind and weather from entering the garage.

Foamed-In-Place Polyurethane Insulation

provides thermal efficiency with an R-value* of 12.12†.

Heavy Gauge Steel End Caps

Wrap-around end caps trim out door edges for better appearance, improved strength and protect the insulation from damage.

Silent Glide Rollers

Nylon rollers with solid steel shafts provide years of smooth, quiet and dependable operation.

High Cycle Spring Option

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Wind Load Options

Available with structural reinforcements for use in coastal or high wind region.

Limited Lifetime Warranty

*Wayne Dalton uses a calculated door section R-value for our insulated doors.
†R-value is for 8' tall doors. R-value for other door heights may vary slightly.
